SOFTPATH SYSTEM

SOFTPATH POWERCENTER UPGRADE SERVICES

End of Life Schedule and Benefits

If you are running PowerCenter 9.1 or earlier, Softpath can help with procuring, installing, upgrading, configuring and maintaining the latest version of this top rated solution

HOW SOFTPATH CAN HELP

We offer a comprehensive set of services to make your Informatica PowerCenter Upgrade pain free. Our structured approach built upon our proven approach of strategize, plan and execute minimizes project risks and ensures timely delivery. Strategize: Softpath Professionals engage with our customers to fully understand the current state and desired environment. After identifying current configurations and customizations and assessing the level of effort to upgrade, the optimal migration path is assessed and finalized.

Plan: Softpath Professionals work with our customers to perform a thorough review of the work breakdown and to produce a detailed project schedule.

Execute: Softpath creates a "best practices" approach. This approach minimizes effort, reduces risk and shortens time to complete the process.

Softpath PowerCenter strengths:

Shorter time to go-live: Extensive PC upgrade experience gives us the added advantage of finding ways to reduce the time to go-live for any PC environment.

Focus on path of least resistance: Whatever your uptime needs, we can tailor an upgrade to suit your budget, needs and SLA's.

Multiple Industry vertical experience: FinServ, Life Sciences, Retail, Healthcare, etc.

Multiple engagement styles: On premise, offsite or hybrid models.

Upgrade Type	Benefits	Time	Risk
Zero downtime upgrade	Easy to switch between environments/ Partial back-out possible/Zero risk/ Isolated approach	High	Low
Parallel upgrade	Faster upgrade/Parallel environments /Partial back-out possible/ No additional hardware	Med	Med
